Since its formation in 1963 as the Association for the Restoration of the Lancaster Canal, the Trust's main objective has been to restore, and reopen to navigation, the length of the canal from Tewitfield, just north of Carnforth, to Kendal. In addition, the Trust aims to increase awareness and promote interest amongst all users of this historic and beautiful waterway, be they boaters, walkers, cyclists, or anglers.

The restoration of the Northern Reaches of the Lancaster Canal is an ambitious multi-million pound project to re-open the most northerly 14 miles from Tewitfield to Canal Head in Kendal. The proposed scheme tackles three motorway and four trunk road crossings and includes the enhancement and conservation of 52 historically important and listed structures.

**Talk at the village hall on Wednesday 17<sup>th</sup> Sept. 7.30pm £2.50 including refreshments.**

**Many thanks to the Church Council and the Parish Council for sharing the cost of printing this newsletter.**
